¿QUÉ ES LA TECNOLOGÍA DE INFUSIÓN DE KERATINA?

La keratina es una proteína natural que es vital para un cabello fuerte y saludable. Este rizador posee un exclusivo cilindro infundido con una fórmula de keratina que le permite lograr un rizo más saludable. Esta característica permanece durante toda la vida útil del producto y no dejará un residuo aceitoso en su cabello. El diseño sin pinza le permite obtener rizos suaves, sin muescas y de manera rápida. Simplemente enrolle su cabello en el cilindro, suelte y ¡listo!

Se incluye un GUANTE DE PROTECCIÓN CONTRA EL CALOR
